Eligible families can receive the Child Care Benefit which reduces the cost of care. There is a further benefit - Child Care Rebate, which is available to those families who meet the work/study criteria. This 50% rebate is for out of pocket child care expenses.

Lady Gowrie Tasmania can provide to families a quotation for cost of care once families have received notification of their CCB entitlement. Families can apply for Child Care Benefit through their local Australian Government Department Human Services on 136150.

Child Care Benefit applications must be lodged prior to the commencement of care or **FULL FEES** will be charged.

Accounts are issued in arrears each fortnight, with a seven (7) day payment period.

Charging Practices:

Public Holidays – No Charge

Absences – Full fees for all absences will apply. The exception will be in the case where two weeks notice is provided for *planned absences*. This exception applies to the child's current weekly booking over a **maximum of a four week period in one calendar year**. Any absences after the maximum period will incur full fees.

For these four weeks of booked care and where two weeks notice has been provided a holding fee based on current child care benefit excluding the gap fee will apply.

Families will be liable for full fees if a child does not attend on the first or last day of care as Child Care Benefits cannot be applied under Regulations.
