### Ordering your child's 2025 resources with Box of Books

### Due Date 8 December 2024

Dear Parents and Caregivers,

We are pleased to announce our continued engagement with Box of Books for the provision of digital and physical education resources for the 2025 academic year. Our school booklists are now open for you to complete your order.

To ensure you receive your physical items in time for the start of the school year, please place your order by 8 December 2024. For orders placed after the due date, the availability of items for Back to School delivery cannot be guaranteed.

#### Steps to order:

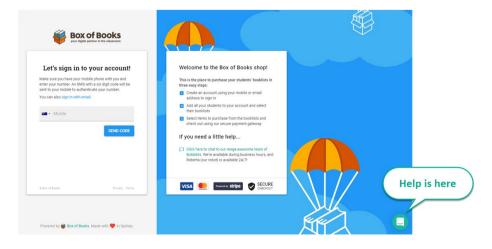

- 1. Visit <u>Box of Books Shop</u> to log into your existing parent/guardian account or create a new account if it is your first purchase.
- 2. Add each student, including School email if possible, and nominate School and year group
- 3. Select the items you wish to purchase from the booklist shown
- 4. Use the checkout to organise postage direct to your nominated address and complete payment

Some families may already own some of the required textbooks in print, either from older siblings who previously studied the subject or purchased separately outside of Box of Books. In such cases, if the "Digital on BoB" option is available on the booklist, you can choose to purchase and access only the digital version through Box of Books instead. It's important to note that without the digital version from Box of Books, your child won't have access to additional resources and enhancements provided by the teachers. The booklist specifies the necessary materials for each subject and their required format, so please read all notes carefully.

Digital texts that have been purchased can be accessed through the student's Box of Books portal. We strongly recommend students sign in to Box of Books prior to the start of the year to ensure their textbooks and publisher interactives (e.g. online quizzes) are set up before classes commence.

#### Please click here for more information on accessing your digital resources.

For further assistance, please see this short informative guide on <u>How to Purchase Books</u> or contact the Box of Books team through the in-app support function as shown below.

#### Welcome to Box of Books

Box of Books has been chosen by your school to provide an all-in-one online ordering system for your digital and physical school supplies.

### Ordering school resources on the BoB shop is quick with four easy steps:

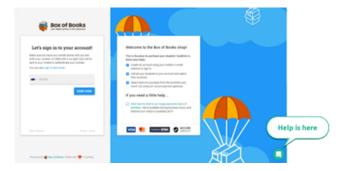

Once purchased, digital texts can be accessed through the student's Box of Books portal. We strongly recommend students sign in to Box of Books before the start of school to ensure their textbooks and publisher interactives (e.g. online quizzes) are set up prior to the commencement of term.

Please click here for more information on accessing your digital resources.

To ensure you receive all available items in time for the commencement of the academic year, please order by **Sunday 8 December 2024.** 

For further assistance with placing an order, <u>view our</u> <u>quick guide to purchasing books</u> or contact us through our in-app support feature (the green button located at the bottom right of the screen).
