Circular No.799

2027 Booklists

Dear Parents / Guardians,

To help students be fully prepared for the 2027 school year, we are pleased to provide the 2027 Booklist. This list includes the resources your student will need to participate successfully in their subjects throughout the year.

The Booklist is divided into two sections:

1. Essential items to be purchased through our supplier, Box of Books (Officeworks for Education).
2. Essential stationery and other supplies, which may be purchased from a supplier of your choice (such as Office National, Officeworks, Big W, K Mart, etcetera).

To make the ordering process as simple as possible, all required items available through Box of Books have already been pre-selected. Families will only need to make selections for Mathematics, Humanities stationery, and any Elective Subjects their student will study. If you already own an item or prefer to purchase it elsewhere, you can simply deselect it before completing your order.

When placing your order, please refer to the letter you will receive in late November or early December confirming your student's Mathematics stream and any Elective Subjects, as these may affect the resources required.

Important Ordering Information

To ensure all physical resources are delivered before the start of the 2027 school year, we strongly encourage families to **place their orders by 13 December 2026**. Attached is a purchase guide from Box of Books.

We recognise the financial commitment involved in preparing for a new school year and have worked carefully to keep costs as low as possible. The Booklist includes only those resources considered essential for student learning. In some subjects, textbooks and digital resources are purchased and managed directly by the school, so not all subjects require additional texts or stationery items.

Thank you for your support in ensuring your student is ready for a successful start to the 2027 school year.

Circular No.799

Year 11 and 12 Booklist 2027

Parent shopping checklist | St Michael's Collegiate School

Use this list when ordering through Box of Books, shopping elsewhere, or checking what you already own.

Digital texts and access codes should be purchased through Box of Books. Where a print and digital package is available, families can choose this option through Box of Books.

Physical books, stationery and equipment can be purchased through Box of Books or from another supplier. Check that you are purchasing the correct edition or specification if not using Box of Books.

If your subject is not listed, textbooks and other learning resources will be supplied in class. You can choose your own stationery.

Where no stationery is listed under a subject, you should choose your own. A suggested set of stationery is provided in the Box of Books shop.

*Purchase through Box of Books **before 13 December** to guarantee physical item delivery prior to the start of the school year.*

If you are taking a subject at Hutchins or Fahan, you can access the relevant booklist through the Box of Books shop – use **ADD A STUDENT TO ACCOUNT** say you don't know the email, search for the school (Fahan School, **or** The Hutchins School) and continue on to Buy Books. You can then add your child's Collegiate email to that school in the Family Members section of your Box of Books account.
